General Directions for Ordering

NAME AND ADDRESS. Be sure that your name and address are written plainly. Write in the proper place on the order blank: Post Office, County, Rural Delivery, Box Number and nearest Express Office.

ORDER EARLY. We endeavor to ship all orders within 24 hours after we receive them, but as the numerous bulbs listed here are not all available at the same time we will ship each variety as soon as ready and in good season for planting.

INSPECTIONS. In California and many other states all bulbs are subject to examination by Agricultural inspectors at destination. This means that each shipment received into our warehouse is carefully inspected and all packages sent to customers by Parcel Post or Express are also examined at destination before being released. This may cause a certain delay in final delivery but is a great safeguard to your garden.

REMITTANCES. Should be made by post office money order, express money order, or bank draft, for a sufficient amount to cover the entire order and postage, if any. Do not send currency. Should it be lost there is no recourse. Stamps of three-cent denominations will be accepted for small amounts.

FOREIGN PARCEL POST. The parcel post rate to foreign countries is 14c per pound. Foreign correspondents should add a sufficient amount to cover postage at this rate, and in addition, on orders amounting to less than \$5.00, please include 50c to cover the cost of documents and packing.

ERRORS. While we exercise the utmost care in filling orders we find that occasionally errors occur, in which event we ask you to please notify us promptly and we suggest that you keep copy of your orders for comparison.

PRICES. In the event of unforeseen circumstances, prices are subject to change without notice.

CALIFORNIA RETAIL SALES TAX ACT. California customers please add to the total amount of your order the State Retail Sales Tax as follows: 0c to 14c—no tax; 15c to 59c—1c; 60c to 99c—2c; \$1.00 to \$1.39—3c; \$1.40 to \$1.79—4c; \$1.80 to \$2.19—5c, and on larger amounts figure 2½% of total. **No sales tax is required on vegetable seeds.** Out-of-state customers not required to pay retail sales tax.

NON-WARRANTY. Note: There are so many contingencies to be encountered in growing plants from seed and in setting out plants that are dependent on the weather and other conditions over which we have no control, that success in planting is not altogether dependent on the seed or plant. We will send out only seed which we believe will grow and produce the kind of plant and variety represented, but:

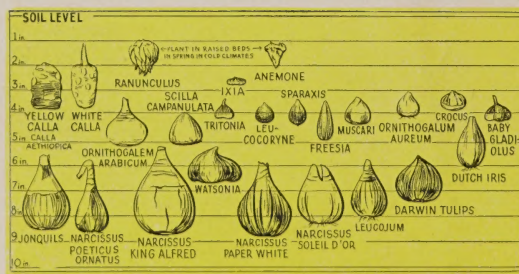

OFFICIAL DISCLAIMER CLAUSE—"The Aggeler & Mussey Seed Company gives no warranty, express or implied, as to the productiveness of any seeds or bulbs it sells and will not be in any way responsible for the crop. Our liability in all instances, is limited to the purchase price of the seed, and or bulbs."

POSTAGE. Except where otherwise stated, bulbs and seeds offered in this catalog are sent postpaid to all points in the U.S.A.

BULBS FOR SPRING PLANTING. The following bulbs are not usually available for fall planting and are not, therefore, offered in this catalog. Full particulars will be found in our General Catalog issued January 1: Begonia, tuberous-rooted; Cannas; Dahlias, Tuberose, etc.

A & M **COLORFUL RANUNCULUS**

Plant these in quantity for cut flowers or garden show

During recent years the Ranunculus has become one of our most popular early spring blooming flowers, being used extensively for massed beds or borders. They may be planted from September to February or March, the earlier planting, however, will produce a more sturdy growth and a greater number of flowers over a longer blooming period. Plant with the claws downward; set a few inches apart in the row and cover to a depth of 2 to 3 inches. The general cultural directions for Ranunculus are practically the same as those for Anemones to which please refer.

A & M SUPERBA RED SHADES—

Extra Large Bulbs—85c per doz.; \$3.85 per 50; \$6.50 per 100.

Large Bulbs—65c per doz.; \$2.50 per 50; \$4.75 per 100.

Medium Bulbs—45c per doz.; \$1.65 per 50; \$3.25 per 100.

A & M SUPERBA PINK SHADES—

Extra Large Bulbs—85c per doz.; \$3.85 per 50; \$6.50 per 100.

Large Bulbs—65c per doz.; \$2.50 per 50; \$4.75 per 100.

Medium Bulbs—45c per doz.; \$1.65 per 50; \$3.25 per 100.

A & M SUPERBA WHITE SHADES—

Extra Large Bulbs—85c per doz.; \$3.85 per 50; \$6.50 per 100.

Large Bulbs—65c per doz.; \$2.50 per 50; \$4.75 per 100.

Medium Bulbs—45c per doz.; \$1.65 per 50; \$3.25 per 100.

A & M SUPERBA GOLD. Shades of yellow ranging from clear canary yellow to deep gold. Giant flowers.

Extra Large Bulbs—85c per doz.; \$3.85 per 50; \$6.50 per 100.

Large Bulbs—65c per doz.; \$2.50 per 50; \$4.75 per 100.

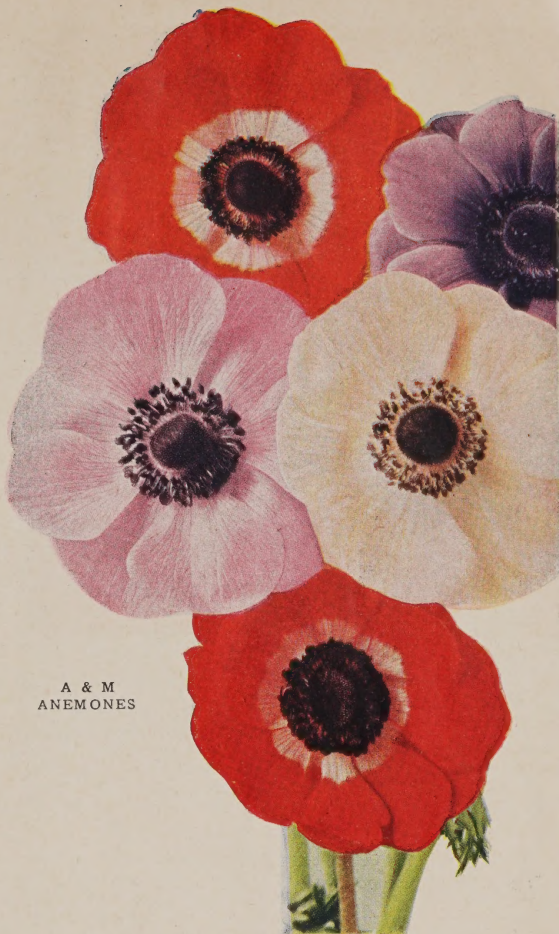

Medium Bulbs—45c per doz.; \$1.65 per 50; \$3.25 per 100.

A & M SUPERBA HYBRIDS. These wonderful hybrids are grown from a famous strain of seed recently imported into this country. Flowers are unsurpassed in range of brilliant and desirable colors and come almost 100 per cent double.

Extra Large Bulbs—70c per doz.; \$2.65 per 50; \$5.25 per 100.

Large Bulbs—50c per doz.; \$1.90 per 50; \$3.75 per 100.

Medium Bulbs—35c per doz.; \$1.35 per 50; \$2.50 per 100.

A & M
ANEMONES

A & M GIANT SUPERBA RANUNCULUS

A & M Anemones

Plant Them as a Border for Your Ranunculus

With their bright and varied colors Anemones make a splendid showing during the spring and should be planted extensively in bold masses. They are also excellent as cut flowers and make pleasing bouquets. Plant during fall and winter in slightly raised beds on well drained land where they will not get too much water. Set the bulbs 5 to 6 inches apart and 2 to 3 inches deep with the pointed ends downward. Keep them on the dry side at all times if possible. Bandini Gro-Rite applied at the rate of ¼ pound to the square yard and well mixed in the soil is a suitable and safe fertilizer.

A & M GIANT SINGLE CORONARIA. This fine mixture of single poppy-like flowers includes a medley of colors—red, pink, blue, white, etc. Large bulbs, 65c per doz.; \$4.75 per 100. Medium bulbs, 35c per doz.; \$2.25 per 100.

A & M ST. BRIGID. A beautiful selection from the Coronaria type containing many doubles and semi-doubles in the choicest colors. Large bulbs, 65c per doz.; \$4.50 per 100. Medium bulbs, 45c per doz.; \$3.00 per 100.

HIS EXCELLENCY. Very beautiful large single scarlet flowers on strong stems. Large bulbs, 75c per doz.; \$6.50 per 100.

BLUE POPPY. Large single blue flowers. Large bulbs, 75c per doz.; \$6.50 per 100.

PURE WHITE. Large single flowers of glistening white. Large bulbs, 75c per doz.; \$6.50 per 100.

A&M Daffodils and Narcissus

(25 of any one variety at the 100 rate)

All varieties are very easy to grow and are very popular as cut flowers because of their splendid keeping qualities. They may be grown in cultivated beds or borders or in the shrubby border where they may be allowed to naturalize. While they prefer partial shade, they will thrive in full sun. Plant from October until January in any good garden soil, covering to a depth of 5 inches and 4 to 6 inches apart. Do not cut back the leaves after blooming but let them die back. If cut back severely they will not bloom the following spring. All Narcissi may be grown in bulb fibre. (See below.)

Trumpet Daffodils

KING ALFRED. This is one of the largest flowered and longest stemmed varieties now being offered. The flowers are pure yellow, the trumpet is slightly frilled and there are 3 or 4 flowers produced from each bulb. Extra large. 2 for 35c; \$1.75 per doz.; \$13.75 per 100.

SPRING GLORY. Clear white perianth and long bright yellow trumpet. 3 for 45c; \$1.75 per doz.; \$12.00 per 100.

MRS. E. H. KRELAGE. Strong growing creamy white. One of the best whites. 30c each; \$3.00 per doz.; \$22.50 per 100.

POETICUS ORNATUS (Poeticus). Pure white perianth with short yellow trumpet delightfully edged scarlet. 3 for 25c; \$1.00 per doz.; \$7.50 per 100.

Double Daffodils

DUBLOON. A most attractive double, the petals alternating soft primrose and deep yellow. 2 for 25c; \$1.40 per doz.; \$10.50 per 100.

VAN ZION. A beautiful double flower of pure yellow. 2 for 25c; \$1.40 per doz.; \$10.50 per 100.

Daffodil Mixture for Naturalizing

An excellent mixture of the best varieties of Long and Short Trumpet Daffodils. They will all bloom this season and are especially recommended for naturalizing when large quantities are desired. Large bulbs specially priced at: 12 for \$1.25; 100 for \$9.45, Postpaid.

Bulb Fibre

Bulb Fibre is excellent for use in pot culture of Hyacinths, Tulips, Narcissi, Chinese Lilies, etc. Our Bulb Fibre is especially prepared; it requires no drainage and may be used in all kinds of bowls and jardinières. Quantity sufficient for 6 or 8-inch bowl, 15c; larger quantity, 25c per lb.

KING ALFRED

Jonquils

DOUBLE—These popular flowers are like a miniature Trumpet Daffodil. The fragrant waxy flowers, of a beautiful clear yellow, are borne in groups of two or three on a stem. Plant them 3 inches deep and 4 to 6 inches apart. 2 for 25c; \$1.45 per doz.; \$11.00 per 100.

Polyanthus Narcissus

Very fragrant flowers borne in clusters. These bulbs are excellent subjects for forcing in bulb fibre and water. Plant three or four bulbs to a bowl, setting them only half way in the fibre. Press the fibre firmly about the bulbs. Water well and place outdoors to develop a good root growth. Leave until the buds show when they are brought indoors for you to enjoy their lovely fragrant flowers.

CHINESE SACRED LILY. The flowers are pure white with a yellow cup. May be planted in the open ground or in bowls with pebbles as described above. Medium size, 2 for 25c; \$1.25 per doz.; \$9.50 per 100. Large bulbs, 3 for 45c; \$1.75 per doz. \$12.00 per 100.

PAPER WHITE GRANDIFLORA. One of the earliest of the Polyanthus type and an excellent variety for growing in water. The flowers are pure white and very fragrant. Should not be forced in bowls until December. 3 for 25c; \$1.00 per doz.; \$7.25 per 100.

SOLEIL D'OR

SOLEIL D'OR. Beautiful golden yellow flowers with a deep orange cup. 3 for 45c; \$1.75 per doz.; \$12.00 per 100.

MRS. E. H. KRELAGE

A & M Fragrant Freesias

(25 of any one variety at the 100 rate)

These colorful, fragrant flowers are very easy to grow. They bloom in late winter or early spring and are very showy in the garden as well as making excellent cut flowers.

Freesias may be planted from July until January. They are easily grown, blossom freely early in the spring and the bulbs will multiply and continue blooming for years. The soil should be well prepared and though they grow well in full sun, they also may be planted in partial shade.

Plant the bulbs, with pointed end up, 1 to 2 inches apart and cover to a depth of about 2 inches. Instead of just a single row, place the bulbs to make a row about 3 or 4 inches wide; this will give a very nice effect.

Freesias may be left in the ground from year to year, or if they are taken up it should be done after the foliage has become entirely cured or dry.

GOLDEN WONDER (New). Very large flowers of clear, bright yellow. Lower petal marked with orange. 4 for 15c; 12 for 45c; \$2.85 per 100.

APOTHEOSE. A very showy, giant carmine-pink Freesia with long stiff stems. 4 for 15c; 12 for 45c; \$2.85 per 100.

MARIE LOUISE FISCHER. A delightful shade of deep lavender blue. One of the best of the blues. 4 for 15c; 12 for 45c; \$2.85 per 100.

ACHIEVEMENT. A very striking flower of deep golden yellow splashed with orange. 4 for 15c; 12 for 45c; \$2.85 per 100.

CELESTE. A beautiful shade of rich violet blue. 4 for 15c; 12 for 45c; \$2.85 per 100.

ORCHIDEA. An extra large flower of soft pearly orchid with contrasting bright yellow throat. 4 for 15c; 12 for 45c; \$2.85 per 100.

PINKIE. A large flower of clear bright pink. Excellent for cutting. 4 for 15c; 12 for 45c; \$2.85 per 100.

A & M PRIZE MIXTURE. A general mixture of some of the finest colored varieties, including many from our trial grounds. A long row of these will include a great assortment of colors and will not only make a very attractive garden show, but will furnish fine flowers for cutting during the early spring months. 3 for 10c, 30c per doz.; \$2.25 per 100.

White Freesias

A & M IMPROVED PURITY. Large flowers of good substance and delightfully scented. Large size bulbs, 30c per doz.; \$2.25 per 100.

A & M FRAGRANT FREESIAS

New Giant Tecolote Hybrid Freesia

Immense Freesias with blooms often measuring $2\frac{1}{2}$ inches in diameter. The heavy flower stems are much longer than the ordinary colored Freesia, being from 24 to 30 inches in length, with well-spaced side branches, which make it a beautiful cut flower.

Be sure to try some of these—you will be delighted with them. Available in the following colors:

Blue, Pink, Rose, Bright Red, Yellow, Pure White. All at 2 for 15c; 55c per doz.; \$3.75 per 100. MIXED—50c per doz.; \$3.50 per 100.

A & M DUTCH IRIS

One of the gayest and most satisfactory of spring-flowering bulbs. They make a remarkable show of crisp, brightly colored irises. Excellent for cutting. Plant 6 inches apart and cover the tops of the bulbs with 2 inches of soil.

DUTCH IRIS MIXED. Includes yellow, blue and white. 2 for 15c; 75c per doz.; \$5.25 per 100.

WEDGEWOOD (Tingistana Hybrid). Large clear wedgewood blue. Very tall and vigorous. 3 for 25c; 85c per doz.; \$6.00 per 100.

DUTCH IRIS, WEDGEWOOD

Sow Seeds of Dainty "Baby Blue Eyes" on Your Bulb Beds

BABY BLUE EYES or *Nemophila* is an excellent covering for any bulb bed. The seed should be sown on top of the bulb bed, about January 1st, covering with a light mulch of leaf mold. The *Nemophila* will bloom at the same time as the bulbs and makes a very dainty ground covering. (See page 13.) Pkt. 10c.

BABY GLADIOLUS

Dainty Baby Gladioli

This early flowering dainty form of Gladioli is excellent for cutting or for color effect in the spring garden. Many flowers are produced from a single bulb. If planted in the fall or early winter they come into bloom in April and May and make a very welcome addition to our other spring flowers. Height 15 inches. Plant 3 inches deep and 4 to 6 inches apart.

PEACH BLOSSOM. Delicate pink.

PINK PERFECTION. Rich pink.

SPITFIRE. Brilliant scarlet.

CARDINAL. Rich red.

Price, 2 for 25c; \$1.25 per doz.

A & M HYBRIDS MIXED. Contains many beautiful and unusual colors. \$1.00 per doz.; \$7.00 per 100.

Ixias

These beautiful flowers grow on graceful stems 12 inches to 18 inches high and require the same culture as Freesias. They are excellent for cutting and are increasing in popularity each year.

SPLENDID MIXTURE. 3 for 25c; 90c per doz.; \$6.25 per 100.

Muscari

HEAVENLY BLUE. Delightful little light blue flowers resembling miniature Hyacinths. They are extremely useful for naturalizing under trees or shrubs, or for drifts or borders, as they may be left undisturbed for many years and will make a beautiful patch of blue each spring. They are very easy to grow and do well in either sun or shade. Height 5 inches. Plant 2 to 3 inches deep and 4 inches apart. 4 for 25c; 65c per doz.; \$4.75 per 100.

TRITONIA

A very showy Freesia-like flower in rich shades of pink salmon, orange, etc. Grows about one foot tall. Culture same as for Freesias. 4 for 25c; 65c per doz.; \$4.50 per 100.

LILIUM REGALE (Regal Lily)

Hardy! Floriferous! Easily Grown!

A truly beautiful Lily growing from 4 to 6 feet tall with plenty of fine foliage, making an attractive plant. Plant 6 inches deep in heavy soil and deeper in light soil, being sure to blend plenty of leaf mold or peat moss with the soil. Plant in a permanent bed where they will not be disturbed and they will increase from year to year.

Large bulbs.....30c each, \$3.00 dozen.

Medium bulbs.....20c each, \$2.00 dozen.

Postpaid

Watsonia

These beautiful free-blooming flowers are very similar to Gladiolus but bloom in the spring or early summer. The bulbs should be planted from August to first of December, as later plantings may not be satisfactory. Plant them 6 to 8 inches apart and 3 inches deep. Height about 4 feet.

NEW HYBRIDS MIXED. A splendid mixture of the best shades. 3 for 35c; \$1.00 per doz.; \$7.50 per hundred.

A & M WATSONIA NEW HYBRIDS MIXED

NEW PINK CALLA

A & M Calla Lilies

WHITE CALLA. Very popular for outdoor bedding in California. They should be taken up every fourth year and the bulbs separated. Dig during June, dry thoroughly and transplant. Large bulbs, 40c each; \$4.50 per doz.

YELLOW CALLA. One of the most attractive flowers grown, suitable for outdoor bedding or for pot culture. The blossom is large and a deep golden yellow. The leaves are spotted white. Plant 1 inch deep. Medium bulbs, 20c each; \$2.00 per doz. Large bulbs, 35c each; \$3.50 per doz.

NEW PINK CALLA. These desirable plants grow to a height of about 18 inches, flowers being miniature callas, 1½ inches to 2 inches across, of an attractive rose-pink shade. They are grown very successfully out-of-doors in Southern California or they may be grown in pots for house decoration. Plant 1 inch deep. 60c each; 3 for \$1.65; \$6.00 per doz.

BLACK CALLA. A most remarkable and rare plant having flowers shaped like the ordinary Calla but is a crimson-maroon color so dark that it appears to be black. The plant grows to a height of about 3 feet and the foliage is very decorative. Plant 2 inches deep. Large bulbs, 55c each; 3 for \$1.50; \$5.50 per doz.

A & M GLORY OF THE SUN

SPARAXIS

Sparaxis

A small bulbous plant bearing flowers very similar to the Ixias. The flowers are slightly larger and there is a great range of colors, making them very attractive as bedding plants. Plant them about 2½ inches deep and 2 or 3 inches apart. 4 for 25c; 65c per doz.; \$4.50 per 100.

Glory of the Sun

(*Leucocoryne Ixioides Odorata*)

These sweet scented flowers are an exquisite light blue with a yellow center. The stems are long and wiry and the blooms, when cut, will keep for two weeks or more. Plant the bulbs 2 inches deep in a sunny place. Top size, 2 for 25c; \$1.15 per doz. Medium size, 3 for 25; 75c per doz.

A & M Amaryllis

BELLADONNA MAJOR. This variety has luxuriant green foliage during the fall, winter and spring. During late spring the foliage dies off and in July and August the flower stalks rise from the bare ground with umbels of lovely, rose-pink lilies. The flowers are fragrant and keep well. The bulbs should be planted during the fall, but do not always flower the first year if planted late. Plant Amaryllis 12 inches apart and barely cover them as deep planting prevents them from blooming for a long time. Large bulbs, 25c each; \$2.65 per doz.

VITTATI HYBRIDS. The finest of this class. The flowers have six petals of velvety texture, which curve back and open wide so that these gorgeous flowers often measure 8 to 10 inches across. The colors vary through all shades of red and red and white markings. In mixture only. Extra large bulbs, 90c each; 2 for \$1.75. Large bulbs, 75c each; 2 for \$1.35.

Continue your Victory Ga

In Southern California and areas of similar climate, the garden produce continuous crops this winter, and early spring, thus continuing, not only to us but the plants too. It can be compared to the

The garden itself is less of a problem in winter than at any other and higher humidity in the atmosphere. Insects, those problem pests ever, once started, the garden should be given regular weeding and and controlled by sprays.

See page 10 for additional suggestions

A & M BEET,
Early Wonder

A & M BEETS

(1 oz. to 100-foot row)

Prices—Pkt. 10c; 1/4 lb. \$1.00; lb. \$3.00.

DETROIT DARK RED. Globe shaped, symmetrical, dark blood red.

EARLY BLOOD TURNIP. Smooth, deep red with purplish red zones. Medium tops.

EARLY WONDER. Flattened globe, purplish red with lighter zones. Small leaved tops.

EARLY FLAT EGYPTIAN. Flattened, bright red with lighter zones. Very early.

A & M BROCCOLI

(2 packets to 50-foot row)

Pkt. 10c; Oz. 60c.

ITALIAN SPROUTING. Best winter variety. Cut before buds open.

CHINESE CABBAGE

Pkt. 10c; Oz. 45c.

Heads 8 to 10 inches tall, solid, crisp and tender. Ideal for salads as well as for cooking.

A & M CARROT, IMPERATOR

A & M CABBAGE

(2 packets to 50-foot row)

A & M GOLDEN ACRE. Early round head, 6 to 7 inches in diameter. Splendid home garden variety. Pkt. 10c; oz. 70c.

CANNONBALL or DANISH BALLHEAD. Very solid round head 8 to 9 inches in diameter. Good keeper. Pkt. 10c; oz. 70c.

COPENHAGEN MARKET. An excellent early variety. Round head, very compact. Pkt. 10c; oz. 70c.

DRUMHEAD SAVOY. Leaves closely crimped. Heads round and solid. Pkt. 10c; oz. 50c.

EARLY FLAT DUTCH. Small compact plants with medium flat, solid heads. Pkt. 10c; oz. 50c.

RED DUTCH. Heads solid, round, deep red. Excellent for slaw and pickling. Pkt. 10c; oz. 70c.

EARLY WINNIGSTADT. Pointed head, short stem and dependable header. Pkt. 10c; oz. 50c.

A & M CARROTS

(1/2 oz. to 50-foot row)

Pkt. 10c; Oz. 45c.

CHANTENAY. Splendid early variety, 5 1/2 to 6 inches long. Rich, reddish orange.

DANVERS HALF LONG. Very productive. Roots 6 to 7 inches long. Bright orange.

IMPERATOR. Excellent quality. Roots 8 to 10 inches long. Deep orange with indistinct core.

OXHEART. For heavy soils. Roots 4 1/2 to 5 inches long and 3 to 4 inches at shoulder. Heavy yielder.

A & M ENDIVE

(1/2 oz. to 50-foot row)

Pkt. 10c; Oz. 20c.

BATAVIAN or ESCAROLLE. Not so fringed and curled as other varieties. Excellent for flavoring soups, etc.

GREEN CURLED RUFFEC. A hardy winter variety. Use in salads as well as cooked.

A & M KALE

(1/2 oz. to 50-foot row)

Pkt. 10c; Oz. 30c.

TALL GREEN CURLED SCOTCH. Grows to a height of 3 feet, with light green densely curled leaves. Very hardy.

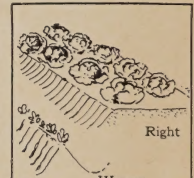

DWARF GREEN CURLED. Same as above but is low and spreading in habit.

JERSEY or THOUSAND HEADED. Smooth leaves often 3 feet long and 12 inches wide. Used for poultry and stock feeding.

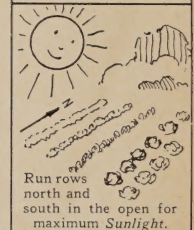

CABBAGE, A & M GOLDEN ACRE

thorough job of spraying
for complete control.

A & M KOHL RABI (2 Pkts. to 50-foot row) Pkt. 10c; Oz. 75c.

EARLY WHITE VIENNA. Earliest sort and most desirable
for table use.

PURPLE VIENNA. Not quite as early as the white. Skin pur-
plish, flesh white.

A & M LEEK (1/4 oz. to 50-foot row) Pkt. 10c; Oz. \$1.00.

AMERICAN FLAG. Early, short, thick-stemmed and exception-
ally mild.

A & M LETTUCE (2 pkts. to 50-foot row) Pkt. 10c; Oz. 30c.

LOS ANGELES MARKET. Large, dark green and crisp head-
ing. Best winter variety.

PARIS WHITE COS (Romaine). Heads 9 to 10 inches tall. Self
folding.

EARLY CURLED SIMPSON. A loose leaf variety. Leaves light
green, slightly frilled, tender and crisp.

A & M MUSTARD (2 pkts. to 50-foot row) Pkt. 10c; Oz. 20c.

SOUTHERN GIANT CURLED. Large, light green, crumpled
and frilled leaves.

MUSTARD SPINACH (Tendergreen). A very pleasing flavor
so mild that it is almost like spinach.

A & M ONIONS (1/2 oz. to 50-foot row)

BUNCHING. Make tender, young green onions just right for
salads, etc. Pkt. 10c; oz. 95c.

EARLY CALIFORNIA RED. The mildest and sweetest of red
onions. Pkt. 10c; oz. 95c.

RIVERSIDE SWEET SPANISH. Very large, mild and crisp.
Skin straw colored. Pkt. 10c; oz. \$1.05.

A & M ONIONS (Continued)

WHITE SWEET SPANISH. Same as River-
side but has white skin. Pkt. 10c; oz. \$1.05.

WHITE PORTUGAL or SILVERSKIN. White,
flat with good keeping qualities. Pkt. 10c; oz.
95c.

SOUTHPORT WHITE GLOBE. Large, globe-
shaped and an excellent keeper. Pkt. 10c; oz.
95c.

A & M PEAS

(1/2 lb. to 50-foot row)

Pkt. 5c; 1/4 Lb. 15c; 1 Lb. 45c.

ALDERMAN (Improved Tall Telephone). Grows
5 to 6 feet tall. Large, well-filled pods. Wilt
resistant.

HUNDREDFOLD. Height 22 to 24 inches. Pods
4 inches long. Early.

LAXTON'S PROGRESS. 16 to 18 inches tall.
Pods 5 inches, well filled. Early.

A & M No. 69. One of the largest podded peas.
24 to 28 inches tall. Heavy bearer.

SPECIAL DWARF TELEPHONE. Larger pod
than the regular Dwarf Telephone. Height 20
inches.

STRATAGEM. One of the old favorites. Height
30 inches. Peas very sweet.

(Continued on page 10.)

PEAS, A & M LAXTON'S PROGRESS

ONION, A & M RIVERSIDE SWEET SPANISH

A & M RADISH

Vegetables (Continued)

A & M RADISH
($\frac{1}{2}$ oz. to 50 feet)
Pkt. 10c; Oz. 20c.

CRIMSON GIANT. Large, tender, crisp. Rich crimson.
EARLY LONG SCARLET. Dark scarlet. 5 to 6 inches long.
EARLY SCARLET GLOBE. Medium sized, oval and bright scarlet.
EARLY SCARLET TURNIP. Scarlet red; flesh pinkish white. Round.
FRENCH BREAKFAST. Medium size, olive shaped. Scarlet with white tip.
LONG WHITE ICICLE. Long pure white, crisp and mild.
SCARLET TURNIP WHITE TIP. Very popular. Medium sized round scarlet with white tip.

A & M SPINACH
($\frac{3}{4}$ oz. to 50-foot row)

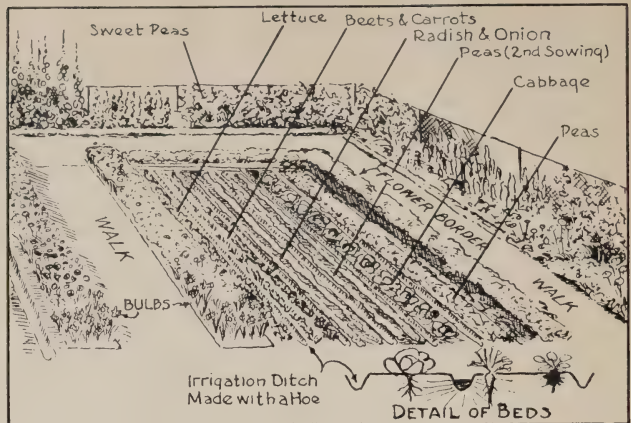

SPECIAL PRICKLY SEEDED WINTER. An improved winter variety. Leaves thick, broad, medium green. Pkt. 10c; oz. 20c.
NEW ZEALAND. Distinct from true spinach. Produces spreading branched stems 2 to 3 feet long. Thick, fleshy leaves. Pkt. 10c; oz. 25c.

A & M SWISS CHARD
(1 oz. to 50-foot row)

LARGE RIBBED WHITE. Smooth dark green leaves with large, white midrib. Pkt. 10c; Oz. 25c.
LUCULLUS. Large, somewhat crinkled leaves, fine, light green midrib. Pkt. 10c; Oz. 25c.
ORNAMENTAL or RHUBARD CHARD. Double purpose plant, delicious to eat, handsome to look at. Pkt. 15c.

A & M TURNIPS
($\frac{1}{2}$ oz. to 50-foot row)
Pkt. 10c; Oz. 20c.

PURPLE TOP WHITE GLOBE. The all-purpose variety. Large globe-shaped, crisp and tender.
PURPLE TOP STRAP LEAF. Flat, purplish red above ground and white below.
PURPLE TOP RUTABAGA. Large spherical roots with yellow, firm sweet flesh.
SNOWBALL. Round, pure white, tender and sweet.

Vegetables for Vitamins

We are all more conscious of Vitamins and minerals than ever before. And with the added pressure of work these days our bodies need greater amounts of health giving vitamins too. We can take them like medicine in those expensive pills and capsules but a more pleasant way is to eat fresh vegetables from the garden.

The vitamin content of vegetables decreases rapidly while they are stored for sale at the market and also by over-cooking at home. Those picked fresh from your garden are ready to eat within minutes of harvest, thus holding their best qualities for you.

Plan to grow yellow vegetables like carrots; leaf vegetables—lettuce, chard and spinach—and in fact all the fall and winter crops as they are a rich source of vitamins. Plant as much as your space permits and you have time to care for properly. Don't waste seed.

Plant These . . . Especially if Your Garden Is Small

LETTUCE. Two types are available for home gardens—head, and leaf lettuce. For the beginner, leaf lettuce is the most reliable, although heading varieties will supply sufficient lettuce in leaf form if the thinnings are used.

TURNIPS. A quick-maturing root crop for the home garden. Young turnips and their fresh tops are esteemed as greens. Plant some every two or three weeks for a continuous supply.

CARROTS. The most delicious carrots are those freshly pulled from the garden, washed and eaten cooked or raw. They are easy to grow and like the others, should be planted a short row or two at a time, at two or three week intervals. In this way, young fresh carrots will always be ready for use.

ONIONS. Green or dry onions will be scarce. Plant enough for your needs and store the dry bulbs in a cool dark place.

RADISHES. Bright and colorful and very easy to grow, Radishes are a beginner's favorite. They take very little space and will mature quickly.

A & M Lawn Grass Seeds

FOR PRIVATE LAWNS,
COUNTRY CLUBS, GOLF
LINKS & PUBLIC PARKS

The lawn is the finishing touch of the home and once planted it remains indefinitely, therefore it is important that the proper selection of seed be made in the beginning and thus avoid disappointment. Pure seed of good germination is important and freedom from weed seeds is necessary for best results. A & M lawn seeds and mixtures are cleaned thoroughly and are tested for purity and germination. When you plant A & M Lawn Grass Seed you are planting the best that the market affords. Write for Lawn Circular No. 18.

A & M Velvet Lawn Grass

Has been used for many years throughout the Southwest with highly satisfactory results. It is a blending of grasses best suited to the variation of temperatures to which the lawn is subjected during the twelve months' period and contains the proper proportion of the best, fine-bladed grasses and white clover. If you are having your lawn planted by a landscape gardener, insist that he use **A & M Velvet Lawn Grass**. It requires 1 pound of A. & M Velvet Lawn Grass Seed to plant a space 10 x 20 feet, or 200 square feet. This is the least that should be used and a heavier seeding will give quicker results. 1 lb. 90c; 5-lb. bag \$4.25; 10-lb. bag \$8.00, postpaid.

A & M White Clover

There are many grades of White Clover Seed and A & M is always the best one. We invite comparison of samples, for when they are examined side by side it is very easy to note the difference in quality. A & M White Clover is tested for purity and germination the same as our Kentucky Blue Grass. It may be used to good advantage in reseeding Bermuda Grass Lawns in the fall of the year. 1 lb. \$1.25; 10 lbs. \$11.50, postpaid. Write for quantity prices.

A & M Shady Lawn Grass

In planting a lawn under trees or on the north side of the house it is often difficult to obtain a satisfactory growth of grass. A & M Shady Lawn Grass, however, is a mixture of fine-bladed grasses especially blended for such places and will produce an even growth of beautiful grass wherever there is considerable shade. 1 lb. 90c; 5 lbs. \$4.25; 10 lbs. \$8.00, postpaid.

Seaside Bent Grass

(Agrostis Maritima)

Several varieties of Bent Grass are now on the market, but from many comparisons we consider the strain we offer to be the best for California and similar climates. 1 lb. \$1.25; 5 lbs. \$5.75, postpaid.

A & M Fancy Recleaned Kentucky Blue Grass

Every bag of our Kentucky Blue Grass seed is tested for purity and germination. There is positively no guess-work about it. You know when you buy A & M Kentucky Blue Grass Seed that it is high grade in every respect. 1 lb. 55c; 10 lbs. \$5.00, postpaid. Write for quantity prices.

**FOR A BEAUTIFUL, SMOOTH LAWN

5-lb. bag 1.80

When ordering by mail please add 5c per pound for packing and postage.

PLANT **A&M** RELIABLE FLOWER SEEDS TO BRIGHTEN YOUR FALL AND WINTER GARDEN

A & M SNAPDRAGONS, SUPER MAJESTIC MIXED

See Page 14

A & M Aquilegia (Columbine)

Perennial. Attractive foliage with graceful flowers on long stems. Succeeds well in shady locations. Must be planted in fall for spring blooming.
LONG SPURRED IMPROVED ELLIOT HYBRIDS. Mixed. Pkt. 25c.
LONG SPURRED HYBRIDS. Mixed. Pkt. 10c.

Arctotis

HYBRIDS MIXED. Flowers in many shades of pink, rose, yellow, etc., with a dark disc in center. A half-hardy annual growing about 1 foot high. Free flowering. Pkt. 15c; 1/16 oz. 60c.

Alyssum

Blooms continuously; used for beds and borders. Annual.
LITTLE GEM. Height 6 inches. Pkt. 10c; 1/4 oz. 35c.
VIOLET QUEEN. Dwarf bright violet. Pkt. 15c; 1/4 oz. 45c.
SWEET WHITE. Height 8 inches. Pkt. 10c; oz. 55c.
SAXATILE YELLOW. Perennial; height 1 foot. Pkt. 10c.

A&M Calendula (Pot Marigold)

Hardy annual. One of the very best winter flowers. Of easy culture.
COLOSSAL. Huge lemon yellow, informal. Pkt. 15c.
FRILLED BEAUTY (New). A large flower, deep orange with beautifully frilled and lacinated petals. Pkt. 15c.
CAMPIRE IMPROVED. Orange with scarlet sheen. Pkt. 15c.
ORANGE KING. Pure orange. Pkt. 10c; 1/2 oz. 30c.
LEMON QUEEN. Pure lemon. Pkt. 10c; 1/2 oz. 30c.
DOUBLE MIXED. Pkt. 10c; 1 oz. 50c.

Candytuft

Hardy annual; 12 to 18 inches high. Rapid grower. Flowers borne in umbels. Useful for cut flowers and bedding. Mass in solid colors for best effect.
UMBELLATA. Crimson, pink, lavender, rose, flesh, white or mixed. Each, pkt. 10c; 1/4 oz. 30c.
WHITE HYACINTH-FLOWERED. Pkt. 10c; 1/4 oz. 35c.

A&M California Native Flowers

A splendid mixture of true California annual wild flowers so blended as to give a succession of bloom from early spring to mid-summer. All colors may be found in this mixture. For best results the seed should be sown in a prepared seed bed. They can be planted from fall to early spring—a longer bloom result from the fall planting. If you have a piece of ground you cannot irrigate, or have no time to give particular attention, yet you want to have something beautiful instead of unsightly weeds, we advise you to plant our Native Flower Mixture. Five pounds of seed is sufficient to plant an acre.

A & M CALIFORNIA NATIVE FLOWER MIXTURE. A fine mixture of many species. Pkt. 10c; oz. \$1.00; 1/4 lb. \$3.00; 1 lb. \$10.00.

Centaurea Cyanus

(Double) (Cornflower or Bachelor Button)

This old-fashioned hardy annual is still a great favorite for cutting purposes.

WHITE, PINK, BLUE or MIXED. Pkt. 10c; 1/2 oz. 35c.

Centaurea Imperialis

(Royal Sweet Sultan)

Annual. One plant furnishes many flowers. Especially valuable for cutting. Has long blooming season. Rose, Lavender, Purple, White, Yellow, Amaranth-Red, or Mixed. Each, pkt. 10c.

Clarkia (Double)

Annual; height 2 feet. Fall-sown seed produces early spring flowers. A beautiful, showy plant, very useful for cutting.
MIXED. Pkt. 10c; 1/4 lb. 50c.

Coreopsis (Perennial)

Plants of this beautiful yellow flower which are started in the fall will produce large flowers during late spring and summer.
DOUBLE NEW GOLD. Large fluffy flowers of rich golden yellow with long wiry stems. Pkt. 15c.
MAYFIELD GIANT. Giant single yellow. Pkt. 10c.

A&M Delphinium (Perennial Larkspur)

One of the most popular border plants for spring and summer blooming, the riot of the varied blue tints being strikingly effective. Sow in flats from August to November and transplant when large enough. For best methods of sowing, see formula, Back Cover.

PACIFIC GIANTS MIXED. Huge flowers on well-balanced spikes. Pkt. 50c.

BLACKMORE & LANGDON'S (Gold Medal Strain). Long, heavy, full flowered spike. Height 4 to 6 feet. Pkt. 35c.

BELLADONNA. Turquoise blue. Height 3 to 5 feet. Pkt. 15c; 1/8 oz. 55c.

BELLAMOSA. Dark blue. Height 3 to 5 feet. Pkt. 15c; 1/8 oz. 55c.

GOLD MEDAL HYBRIDS. Mixed. Height 3 to 5 feet. Pkt. 15c; 1/8 oz. 40c.

CHINENSIS. Fine mixed. Pkt. 10c; 1/4 oz. 30c.

DELPHINIUM CARDINALE. Scarlet. Pkt. 15c; 1/8 oz. 70c.

Dimorphotheca (African Daisy)

A showy annual from South Africa which has become a great favorite on account of its easy culture and beautifully colored flowers.

AURANTIACA. Bright orange. Pkt. 10c; 1/8 oz. 35c.

HYBRIDS. Shades of yellow and orange. Pkt. 10c; 1/8 oz. 30c.

Eschscholtzia or California Poppy

Hardy annual. Seed may be sown from October until April. Fall sown seed will bring large early flowers. Plant more California Poppies.

ORANGE (Aurantiaca). Pkt. 10c; oz. 45c; lb. \$4.50.

BRILLIANT MIXED. Contains many choice colors. Pkt. 15c; oz. 55c; 1/2 lb. \$2.75.

FINE MIXED. Contains only shades of orange, yellow and white. Pkt. 10c; oz. 40c; 1/2 lb. \$2.25.

AQUILEGIA (Columbine)

CALENDULA (Campfire Improved)

AGGELER & MUSSER SEED Co.

LOS ANGELES, CALIFORNIA

Gaillardia

A plant everyone should have in their gardens. Splendid for cutting. Fall sown seed will start blooming early and continue till late fall. Flowers large, brown and yellow in varying shades.

GRANDIFLORA PERENNIAL. Single mixed. Pkt. 10c; 1/4 oz. 40c.

Gerbera

(Transvaal Daisy). Large daisy-like flowers, with colors ranging through crimson, rose, pink, lilac, yellow and white. Under suitable conditions seed will germinate easily. Pkt. 25c.

Geum

A beautiful hardy perennial producing flowers in profusion from spring till fall. It is an excellent cut flower, having long stems and keeping well.

MRS. BRADSHAW'S DOUBLE RED. Large bright orange-scarlet double flowers. Pkt. 10c.

Godetia

Hardy annual. Sow late in fall for spring blooming. Very beautiful colors. Thrives in shady locations.

DWARF SINGLE. Mixed. Height 1 foot. Pkt. 10c; 1/4 oz. 60c.

TALL DOUBLE MIXED. Height 2 feet. Pkt. 10c; 1/4 oz. 35c.

Gypsophila

Small white flowers borne in sprays. Universally used as filler in bouquets. Annual.

LONDON MARKET. Improved white. Pkt. 15c; oz. 35c.

DOUBLE SNOW WHITE. Perennial. Pkt. 25c.

A & M Larkspur

DOUBLE FLOWERING STRAINS

This popular annual may be planted throughout the autumn and will bloom three to four months after sowing.

New Giant Imperial Type (Base Branching)

BLUE BELL. Light blue. **CARMINE KING.** Carmine.

BLUE SPIRE. Deep blue. **LILAC KING.** Lilac.

LOS ANGELES IMP. Salmon. **WHITE KING.** Pure white.

MISS CALIFORNIA. Deep pink on a salmon ground.

DE LUXE MIXED. A mixture of the newest Larkspurs.

All at—Pkt. 15c; 1/4 oz. 35c.

COLLECTION 48F. One packet each of any four of above varieties, 45c.

Lupine

California native flowers. A great favorite. Should be planted in fall for early flowers.

HARTWEGI MIXED. Annual. Pkt. 10c; 1/2 oz. 45c.

Marigold

FRENCH. Annual. One of the best fall and winter flowers.

TALL FRENCH

TALL DOUBLE FRENCH MIXED. Pkt. 10c; 1/2 oz. 35c.

FERDINAND. A gay and colorful single flower with crested center of golden yellow surrounded by a single row of broad, mahogany-red guard petals. Pkt. 25c.

DWARF FRENCH

DWARF ROYAL SCOT ALL DOUBLE. Striped brown and yellow. Pkt. 25c.

HARMONY. Deep orange center and maroon collar. Pkt. 20c.

DWARF FRENCH DOUBLE MIXED. Pkt. 10c; 1/2 oz. 30c.

Nemophila

Hardy annual. Height 6 inches. Earliest native wild flower. Splendid for sowing in bulb beds.

INSIGNIS (Baby Blue Eyes). Sky blue. Pkt. 10c; oz. 50c.

MIXED COLORS. Pkt. 10c; oz. 50c.

Semi-Double Sweet-Scented Nasturtiums

GOLDEN GLEAM. Large very double sweet scented flowers of an attractive golden yellow. Pkt. 10c; oz. 40c.

GLEAM HYBRIDS. Large sweet scented double and semi-double flowers. The color range includes gorgeous shades of salmon, yellow, orange-scarlet, cerise and many others. Pkt. 10c; oz. 40c.

DWARF GEM MIXTURE. The good sized sweet scented double flowers gaily cover the dwarf compact plants in an excellent color range. Pkt. 15c; oz. 45c.

A & M PANSY, SWISS GIANT

A & M Pansies

Pansies thrive best in a moist, sunny location and in rich, loamy soil. Seed should be sown in flats in the autumn for early spring blossoms, or can be sown early in the year for good flowers later in the spring. The plants must be transplanted twice in order to get the largest flowers; once from the seed box to a sheltered bed, and again to the open garden. This is important for large size Pansies. Use manure liberally in preparing the bed. The blossoms are usually larger in the spring and again in the fall, and while they bloom freely all summer, the blossoms are small during the hot months.

Coronation Gold

The largest and finest golden yellow pansy. Lightly ruffled edges. All America selection. Pkt. 25c.

Swiss Giants

A magnificent strain of this well known variety. The plants are neat and compact with good foliage and very large round flowers, many of them beautifully frilled.

GIANT MIXED. Pkt. 25c; 1/16 oz. \$1.45.

Pentstemon

Hardy perennial. Large spikes of beautiful gloxinia-shaped flowers. Seed sown in the fall will commence blooming early in spring and continues most of the year.

GLOXINIODES SENSATION. Large flowered; mixed. Pkt. 10c.

A & M Petunias

The seed of all our Giant Ruffled, Double and Fringed varieties is produced by pot culture in a lath house where each plant is given personal attention and each flower is hand-pollinated.

The culture of Petunias is simple. Seeds may be planted from September to March in cold frames or boxes. Equal parts of loam soil and fine river sand provides good seed bed. The very best strains of Petunias will produce a small percentage of inferior flowers, and the small plants often produce the best flowers; therefore plants should be taken as they come.

Fancy Double Varieties

ALL DOUBLE AMERICA (A. A. S.). Carnation shaped, sparkling rose-pink. Pkt. 50c.

SUPERB DOUBLE FRINGED MIXED. One of the finest strains of Petunias in existence. The double flowers are very large, fully and symmetrically formed, having edges of the petals beautifully fringed. Pkt. 50c; 3 pkts. \$1.25.

Giant Ruffled

MIXED. An unusually fine mixture of ruffled monsters, containing all colors. Pkt. 25c.

Giants of California Dwarf Mixed

These are the famous Ramona strain. Dwarf compact plants with large ruffled and fringed flowers in a well balanced mixture of light and dark shades. Pkt. 35c.

MIXED BACHELOR BUTTONS

PETUNIA (Giants of California)

STOCKS (Giants of California)

Balcony Petunias

Used extensively in California for training up on lattice-work, fences, etc.
MIXED. All colors. Pkt. 10c.

Hybrida

Bushy plants of great value for massing in beds. While the single flowers are not particularly large, their great number makes a gorgeous show. Height 24 inches.
GRANDIFLORA SINGLE MIXED. Exceedingly handsome and free flowering, contains greatest variety of colors, yellow throated, veined and blotched. Very large flowers. Pkt. 10c; 1/8 oz. 45c.

Bedding Varieties—Nana Compacta

A very symmetrical, dwarf, compact habit of growth, forming a perfect ball effect and literally smothered with bloom. Exceptionally fine for borders, formal beds, rock gardens, pot plants. Height 6 to 9 inches.
PINK GEM. Light pink. Height 6 inches. Pkt. 15c.
ROSE GEM. Rich deep rose colored flowers, 2 inches in diameter. Height 6 inches. Pkt. 15c.
NANA COMPACT MIXED. Pkt. 15c.

Phlox Drummondii

One of the most beautiful and easily grown of our hardy annuals.
GIGANTEA RED GLORY. Brilliant red with white eye. Pkt. 25c.
GIGANTEA ROSY MORN. Large rose pink with white eye. Pkt. 25c.
GIGANTEA SALMON GLORY. Large salmon pink with creamy white eye. Pkt. 25c.
GIGANTEA ART SHADES. Extra large flowers in art shades. Pkt. 20c.

A&M Poppies

Seed should be sown where plants are intended to flower, as it is difficult to transplant them with any measure of success.

Iceland Perennial Poppies

ICELAND SINGLE. Mixed. Pkt. 10c.
SANFORD'S GIANTS. Mixed. Pkt. 20c.

Single Annual Poppies

AMERICAN LEGION. Orange scarlet. Pkt. 10c; 1/2 oz. 30c.
A & M SHIRLEY MIXED. Pkt. 10c; 1/2 oz. 30c.
FLANDERS POPPY. Brilliant scarlet. Pkt. 10c; 1/4 oz. 20c.
HORNED POPPY (Glaucium). Mixed colors. Pkt. 15c.

Scabiosa (Morning Bride)

ANNUAL VARIETIES

A garden favorite of easy culture, blooming in about four months from planting. Height 3 to 4 feet.
GIANT FLOWERED HYBRIDS MIXED. Giant flowers in rich colors. Pkt. 15c; 1/4 oz. 30c.
REGULAR MIXED. All shades. Pkt. 10c; 1/2 oz. 35c.

PERENNIAL VARIETIES

Highly decorative and invaluable for cutting.
ISAAC HOUSE HYBRIDS. Lilac and mauve shades, ruffled petals. Pkt. 20c.

A&M Rust-Resistant Snapdragons

(Rust-Resistant Antirrhinums)

RUST-RESISTANT SUPER MAJESTIC

A superb new strain, excellent for all garden purposes and for cutting. The spike is longer and larger than the Nanum, with the large flowers placed close together. Height 2 feet.

SUPER MAJESTIC MIXED. Contains many new and rare varieties. Pkt. 25c; 3 for 60c.

RUST-RESISTANT MAXIMUM

These plants, with their healthy, glistening foliage, bear beautiful spikes of large flowers on long stems, with 12 to 18 stems to a plant. Height 3 1/2 feet.

MAXIMUM MIXED. A wonderful range of popular colors. Pkt. 20c; 3 for 50c.

RUST-RESISTANT NANUM SEMI-DWARF LARGE FLOWERING. An excellent bedding variety and because of the large flowered compact spike is considered fine for cutting. Height about 18 inches. MIXED COLORS. Pkt. 15c.

RUST-RESISTANT MAJUS TALL LARGE FLOWERING

This type grows about 3 feet tall, the flowers are large and the flower spikes long. MIXED COLORS. Pkt. 15c.

UNIVERSITY OF CALIFORNIA RUST-RESISTANT MIXED

Well balanced mixture with large flowers. Pkt. 10c; 1/16 oz. 35c.

A&M Stocks

Giants of California

This magnificent new stock has the branching habit of A & M Giant Imperial but has even larger flowers on longer stems. Very early. Height 30 to 34 inches.

GOLDEN GATE. Yellow.

MONTEREY. Pink

PACIFIC. Blue.

SANTA BARBARA. Chamois.

All at pkt. 25c, 3 pkts for 60c.

EXQUISITE MIXED. Pkt. 20c, or 3 pkts. for 50c.

SANTA MARIA. White.

TAHOE. Lavender.

THE REDWOODS. Blood red.

YOSEMITE. Rose.

Giant Imperial (Bismarck)

This wonderful strain of Stocks is of branching habit, making it possible to break long branches of flowers from main stalk without injuring or destroying the beauty of the plant.

AMERICAN BEAUTY. Deep rose.

ANTIQUE COPPER. Hellebore red.

APPLE BLOSSOM. Blush.

BUTTERCUP.

CHAMOIS. Ivory tinted rose.

All at pkt. 20c, 3 pkts. for 50c.

A & M GIANT IMPERIAL MIXED. All colors. Pkt. 15c; 1/8 oz. 50c.

Large Flowering Ten Weeks Stocks

These should be used strictly for bedding purposes and not for cutting. They make a wonderful showing and are highly satisfactory for this purpose. Mixed. Pkt. 10c; 1/8 oz. 35c.

Wildflower Mixture

(California Native Flowers)

See page 12.

A&M Verbenas

These hardy perennials are of trailing habit and are used generally for beds and borders. The flowering season is exceptionally long. The flowers are fragrant and the Hybrid Giant strains make beautiful cut flowers. They do well in sunny locations.

HYBRIDA GIANTS. A fine strain of verbenas with the same characteristics as the mammoth except that each flowerlet in the cluster is much larger. This gives the blooming plant a more brilliant effect. Mixed, pkt. 15c.

HYBRIDA MAMMOTH. MIXED. Pkt. 10c; 1/4 oz. 50c.

VERBENA. GIANT HYBRID

Viola Cornuta

"Tufted Pansies." The flowers are not so large as regular pansies, but bloom so freely that for bedding effect they are unsurpassed. The colors are distinct and they also bloom for a long time.

ARKWRIGHT RUBY. Pkt. 25c.

BLUE BUTTERFLY. Pkt. 15c.

CHANTREYLAND. Improved apricot. Pkt. 25c.

BLUE PERFECTION. Deep bright blue. Pkt. 15c.

WHITE PERFECTION. Pkt. 15c.

PAPILIO. Light blue. Pkt. 15c.

YELLOW. Pkt. 15c.

JOHNNY JUMP-UP. Tiny yellow and blue violas. Pkt. 15c.

MIXED. Pkt. 10c; 1/16 oz. 70c.

A&M Double Treated SWEET PEAS

EARLY MAMMOTH RUFFLED SPENCER

For Winter and Spring Bloom

Ask for Sweet Pea Culture
Bulletin No. 11

In Southern California, planting season begins August 1 and continues throughout the fall and winter months. August and September plantings should bloom by November. To prolong the blooming season, cut flowers regularly to prevent their forming seed pods. Sweet Pea seeds require cool soil to sprout and if planted during the warm season the seed bed should be shaded with a light covering of small twigs, or discarded garden plants or similar material, to keep the surface cool. Sweet Peas respond to fertilization and a liberal amount of barnyard manure, Bandini Gro-Rite and organic matter should be used in preparing the soil. Over-watering after they begin to bloom may cause the buds to drop without opening, in which event, withhold water.

General List

All the following varieties priced at pkt. 15c; 1/2 oz. 35c; oz. 65c.

- APOLLO. Salmon-cerise; large flowers.
- BLUE BONNET. Extra large, true deep blue.
- BLUE DANUBE. Clear lavender blue.
- BRIDESMAID. Deep silvery pink.
- CASCADE. Large, pure white, long stems.
- EVENING STAR. Brilliant orange scarlet.
- HOPE. Pure white. Good stems.

"I want to tell you what I think of your Sweet Pea seeds. I planted them August 29th and on October 29th I picked the first flowers. Today, November 15th, they are covered with the most gorgeous large blossoms and beautiful colors. The stems are from twelve to fourteen inches long. I planted them, using Vigoro and have given them a dose every two weeks. They are over six feet tall!"

CLARA BUTT

A delightful shade of soft salmon-rose. One of the leading bedding varieties. 2 for 25c; \$1.35 per doz.; \$9.50 per 100.

WILLIAM COPELAND

A perfectly formed flower of delicate lilac rose. Excellent for pot culture as well as bedding. 2 for 25c; \$1.50 per doz.; \$11.00 per 100.

A&M Colorful Tulips

This popular bulb of cooler climates does well in Southern California. Plant them in beds or borders in large numbers so the graceful straight stems will hold their goblets of pure color proudly in view. Such beds win universal admiration during March. They are especially useful in combination with flowering trees and along paths in the Victory Garden in double or triple rows for a showy spring garden.

In preparing the soil for Tulips, barnyard manure should not be spaded in unless it is several months in advance of planting. Use Bandini Gro-Rite at the time of planting, placing it an inch or two below the bulb. The addition of Gypsum to heavy adobe soil is very beneficial in making the soil more porous. Plant 5 to 7 ins. deep and 7 to 8 ins. apart.

ALPINE SNOW. Large pure white. 2 for 35c; \$1.75 doz.; \$10.35 per 100.

CLARA BUTT. Delightful soft salmon rose. Good bedder. 2 for 25c; \$1.35 per doz.; \$9.50 per 100.

DEBUTANTE. A recent introduction of great beauty. Exceptionally large, brilliant, flame red with striking yellow base and long pointed petals. Tall, strong stems. 2 for 35c; \$1.75 per doz.; \$13.50 per 100.

DIDO. Very brilliant orange red and carmine outside. Inside salmon and orange with yellow base. Very large. 2 for 25c; \$1.50 per doz.; \$11.00 per 100.

INGLESOMBE YELLOW. Large, globular flowers of glossy canary yellow. 2 for 25c; \$1.35 per doz.; \$9.50 per 100.

MRS. THORBECKE. Velvety wine red or burgundy color. 2 for 25c; \$1.50 per doz.; \$11.00 per 100.

ORANGE KING. Large handsome flowers of glowing orange, shaded scarlet. Black anthers. 2 for 25c; \$1.40 per doz.; \$10.50 per 100.

PRINCESS ELIZABETH. Clear deep pink. Perfectly formed. 2 for 25c; \$1.50 per doz.; \$11.00 per 100.

WM. COPELAND. Lilac rose. Excellent for forcing. 2 for 25c; \$1.50 per doz.; \$11.00 per 100.

WM. PITT. Brilliant carmine. Very handsome. 2 for 35c; \$1.75 per doz.; \$12.75 per 100.

A & M Special Mixed

A very choice assortment with a splendid range of color. 2 for 25c; \$1.35 per doz.; \$9.50 per 100.

MULTI-FLOWERED TULIP

MONSIEUR MOTTET. A most interesting Tulp which has a strong main stem, with from two to six branches, each one with its own flower. The flowers are of good size, opening ivory white and later changing gradually to deep pink starting to flush from the outer edges of the petals. The three to six flowers bloom at the same time, making a fine garden show. 2 for 35c; \$1.75 per dozen; \$13.50 per 100.

GERMINATING SEEDS IN FLATS — Some seeds such as Gerbera, Delphinium, etc., are a little difficult to germinate under ordinary circumstances, but if the following soil preparation is used a high percentage of germination can be depended upon and the danger of damping-off will be practically eliminated. Take two-thirds peat moss soaked thoroughly in water to one-third coarse sand. Fill the flats with this mixture and firm with a brick or block of wood, leaving a smooth surface. Broadcast the seeds on the surface, pressing them lightly into the soil, and cover them with sand only. Cover with burlap and keep in the shade until the seeds have sprouted.
